Mr. Stanley Grossman
Bloomsbury Innovations Ltd
5E Bloomsbury Street
London WC1B 3QE UK

Dear Mr. Grossman:

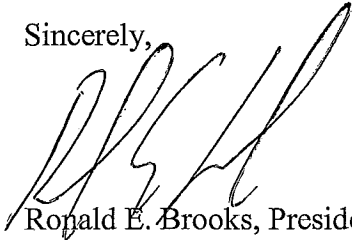

My name is Ronald Brooks and I have been a law enforcement officer in California for 35 years with the past 27 years assigned to drug enforcement. I retired as an Assistant Chief with the California Department of Justice – Bureau of Narcotic Enforcement and I am now serving as the Director of the Northern California High Intensity Drug Trafficking Area (HIDTA). I am also a past President of the California Narcotic Officers Association and the current President of the National Narcotic Officers' Associations Coalition (NNOAC), which represents the interests of 70,000 narcotic officers from across the United States.

At the request of Jim Pasco, Jim Pasco and Associates LLC, I received and reviewed your product, Drug Kop. I personally made some initial tests of the product and found it to be easy to use and compact, which would make it an ideal product for use by drug enforcement units and uniformed police officers or other first responders that might have a need to conduct presumptive tests on suspected illicit drugs.

Following my initial review of the product, I provided Drug Kop to agents assigned to multi-jurisdictional drug task forces operating in the greater San Francisco Bay Area. They also found the product easy to transport, use and store. Some users felt that the product may not be sophisticated enough for use by narcotic enforcement teams, but all felt that it would be an excellent product for use by patrol officers, first responders and even perhaps military commands that might encounter drugs possessed by military personnel.

Thank you for the opportunity to test Drug Kop. Should you need further information from me, please feel free to contact me through Mr. Pasco.

Sincerely,

A handwritten signature in black ink, appearing to read 'R. Brooks', written over the word 'Sincerely,'.

Ronald E. Brooks, President
NNOAC
